

VCAM Third Party Work-For-Hire Agreement

VCAM is a non-profit community media and technology center offering digital video tools and training to local citizens and organizations free of charge. Occasionally our members get hired by individuals and non-profit organizations to produce non-commercial content utilizing VCAM facilities and equipment. When this occurs, it's important that the hiring agent be made aware of all of the services and facilities that VCAM offers at no charge.

To that end, we ask that this form be signed by any third party looking to hire a VCAM member for video production services utilizing VCAM equipment or facilities.

--

I, the undersigned, understand that:

1. VCAM provides equipment and training to local citizens and organizations for digital video production purposes at no charge, and I am choosing to hire the following VCAM member anyway:

Producer's name _____

2. All video content that is produced using VCAM equipment and facilities must be non-commercial in nature.

3. All projects must be submitted to VCAM upon completion for TV cablecasting purposes on channel 15.

4. If I have any questions about this agreement specifically, or video production in general, I am free to contact VCAM directly at (802) 651-9692 or online at vermontcam.org.
